## FlyRight Pilot Referral Program

FlyRight has world-class Kingair pilot training programs, and we appreciate when our supporters let their friends and coworkers know about it!

In order to reward individuals who refer pilots and aircraft operators to FlyRight, FlyRight has established a Pilot Referral Program.

### Pilot Referral Program Overview

1. Tell your Kingair pilot friends about flight training at FlyRight
2. Tell FlyRight about your Kingair pilot friends who are looking for training
3. Receive \$100 cash or \$250 in training credit at FlyRight for each of your referrals that train at FlyRight

### Pilot Referral Program Details

In order to receive referral credit;

1. Your referral has be a new FlyRight customer and not have already been referred to FlyRight
2. You need to provide to FlyRight the pilots name and contact information. Our contact information is available on our website under "Contact", and you can email us at [referrals@FlyRightInc.com](mailto:referrals@FlyRightInc.com). We'll fill out our referral program certificate and email or fax it to you as a record of your referral.
3. The pilot must list you as the "referrer" - the person who referred him/her to FlyRight. It's important for you to let your pilot referrals know to list you when they book their training!
4. The pilot cannot be a pilot for a part 135 operator, as their training programs are operator specific (call us if you have any questions about that part of our policy).
5. That's it – we'll keep track of who you refer, and we'll notify you when those pilots train at FlyRight. You can then let us know whether you prefer a cash referral or training credits!<sup>i</sup>
