Dear Mr. Hapgood,

Having just finished my recurrent training with FlyRight, I felt compelled to write and express how impressed I was with your facility and the flight training program. I have been in this business for some forty years and have attended many, if not all, of the recurrent training facilities (i.e., Sim Com, Flight Safety, etc.) and was extremely satisfied with FlyRight. Tom Leahy, Gerry Garner and the rest of your staff have done a most impressive job establishing your program. I highly recommend FlyRight to anyone wishing to obtain recurrent training in the King Air aircrafts.

Thanks again for a wonderful experience. I would also like to thank the staff for going out of their way to accommodate my ever changing schedule. They arrived early and stayed late in an effort to work with my schedule and help me complete the required training.

Please feel free to use my name as a reference to anyone seeking recurrent training. I highly recommend FlyRight.

Sincerely,

Roger A. Smith
